May 21-22: Science MCAS (Grade 5 only)

PTO & WEEFC Announcements

Dear Field School Families,

We hope you and your families are having a wonderful weekend.

The Field School Art Show will be taking place on Wednesday, April 3rd from 5:30-7:30pm. This year families will have an opportunity to purchase pre-framed artwork done by their child/children at the show. We are currently looking for volunteers to help with the show. You can sign up and see all volunteer opportunities here: <https://www.signupgenius.com/go/10c0a44aaa-c22aaf3-2019>.

We are excited to announce that our next Community Event will be the **Field School Diversity Fair: The Story of Us on Friday, May 10th from 6-8pm**. Please mark your calendars and save the date! It is a drop-by event, so even if you're scheduled for sports, families can participate any time between 6 and 8pm. A flyer with more information will be sent home shortly, and a sign up with volunteer opportunities will also be circulated by room parents.

The next Principal's Coffee will take place on Thursday, April 11th at 9am. The topic will be Media Literacy.

If you have any questions, comments, or concerns, please feel free to reach out to us!

Best,
Grace Yang and Aida Arain-Alam

From the Principal

Dear Field School Families,

I hope this message finds you enjoying the spring weather. My daughter celebrated her birthday this weekend and we were happy to have the opportunity to bring 15 boisterous 3rd graders outside!

I very much enjoyed the 5th grade Wax Museum on Thursday night. The students did a fantastic job with their presentations. The preparation and delivery of their speeches involved research, writing/revising multiple drafts, acting, public speaking and artistic expression. The students were proud of this authentic and hard work. Over the course of the week, I also observed students in Mr. Shilali's class designing and trying out methods for helping an submarine drone move through a small body of water at the edge of our campus. On an initial run, the drone got stuck in weeds, which prompted student teams to develop creative solutions to the problem. Thank you to Dr. Erickson and Ms. Benson for supporting our students with this sophisticated design challenge.

I will be sending many messages in the coming weeks about MCAS, placement for next year, and end-of-year events. As always, please feel free to reach out to me with any questions you may have. Thank you and hope to see many of you at the art show on Wednesday night.

Sincerely,
Dr. Green
