PTO & WEEFC Announcements

Dear Field School Families,

We hope you and your families enjoyed a relaxing Memorial Day weekend.

The last few weeks of school are jam packed with many exciting events.

The STEAM Fair will take place on Friday, June 7th at Field School. Please consider participating in this action-packed, fun-filled event, that will span an entire school day. All 4th and 5th graders will experience presentations from the Museum of Science and a special guest inventor. They will also rotate through various hands-on science experiments. We are looking for volunteers to help us facilitate this day, we are especially looking for help to guide the students through the activity schedule. No science or math experience is necessary to volunteer. You can sign up to volunteer here: <https://www.signupgenius.com/go/20f0b4da8a723a4f49-stem>

Field Day will take place on June 13th, and we are still looking for volunteers to help with 5th Grade. If you are interested in helping out, please feel free to contact Grace Yang at grace.k.yang@gmail.com

If you have any questions, comments, or concerns, please feel free to reach out to us!

Best,
Grace Yang and Aida Arain-Alam

From the Principal

Dear Field School Families:

It is hard to believe we find ourselves in the last week in May. I hope you enjoyed the nice weather this weekend--Spring is here at last! The next weeks are full of excitement as students engage in multiple end-of-year activities (STEAM Day, 5th grade Celebration Day, Field Day, etc.) and our 5th graders prepare for the transition to middle school. However, we are mindful that these changes in routine and the coming of summer can cause anxiety for some students. Please let us know if your children are struggling with these transitions in any way so we can be helpful on our end.

Last week, the MCAS season came to an end with the 5th grade Science exam. I also continued to work closely with Erin Maguire, Jen Faber, and John Gibbons to prepare for transitions into and out of Field School. Tomorrow, I will be presenting the Field School Improvement Plan (SIP) to the School Committee. This presentation will include highlights from the year and goals for the 2019-2020 school year. Outside of the building, I will be bringing my dog (a 17- pound Goldendoodle named Chumley) to a fundraiser hosted by 5th graders (Zoe and Solana) on the Weston Town Green (from 3-5) on Saturday, June 1st. This benefit will support a Pet Foundation called Frankie's Friends and includes games, activities, and food for kids and pets. Zoe and Solana developed this event while participating in the school's new after school leadership group (BECOME), which was organized by faculty member (Lindsay Quezada) and parent (Kristin Asadourian).

As we wind down the school year, please do not hesitate to reach out with any questions, concerns, or suggestion you may have, Thank you.

Sincerely,

Dr. Green
