

Grade 6 Music Electives

The Weston Middle School offers optional vocal and instrumental music classes to all students. Sixth graders are grouped separately and are not mixed in with 7th and 8th graders. If your child chooses to participate in a music elective, it will take the place of a study hall. In rare circumstances, conflicts may occur and students may have to choose between music electives. Students enrolled in vocal and instrumental music classes are required to participate in winter and spring concerts, and are expected to take private music lessons which can be arranged through the school for your convenience. Students will receive grades on their report cards for these courses. Please contact Mr. Christopher Memoli, Music Department Head, at 781-786-5800, X5945 for further information.

Please sign and return this sheet only if your child chooses to participate in our music program. Thank you.
