Dear 9th Grade Parents/Guardians and Student

The Spring 2019 MCAS Introductory Physics Field Tests will take place for 9th graders next Monday, **June 10th from 8:45-9:30.**

The Massachusetts Department of Education shared the following regarding the Field test: Massachusetts is developing new, next-generation MCAS tests. In order to administer these new tests in spring 2020, the Department of Elementary and Secondary Education needs to try out new test questions, including technology-enhanced questions, before the tests count for schools and students. Your child's participation is important, and allows the state to build the best test possible. It is important that students participate in the field test to ensure a representative sample.

We recognize that this will create extra work for your child, but field testing is an essential part of designing a high-quality assessment

Feel free to contact us if you have any questions or concerns.

Sincerely,

Anthony A. Parker Principal

Monday, JUNE 10TH

8:45-9:30 MCAS Field Test-FRESHMEN
8:45-9:30 Assembly-Grades 10 & 11
9:40-3:15 All blocks meet for 30 minutes 1 AM
