

The following table compares some of Weston’s peer districts on whether or not they are serving lunch in school and providing at least some full days. ‘Lunch’ means students are eating lunch in school and staying later into the afternoon, while ‘Half-day’ means most students aren’t. Please note that some of these schools have had lunch all year while others just added lunches.

Please note that this is not an official account of any other districts, it is an unofficial snapshot. We intend to continue to update this information and add more districts as we hear from them.

Please note that this is different from the days per week in school, addressed in Table 1 above.
