Hello Wildcat Students and Families!

A nice couple of days at WHS as we have experienced bake sales and candygrams, big wins in the pool, on the court, on the ice, on the slopes, and on the stage, and we look forward to a theatrical performance in the first week of March. We hope everyone has a restful, relaxing, refreshing February vacation. A solid school stretch ahead of us when we return on the 28th. Let's go!

Masks: As shared in a [communication](#) from Dr. Connolly on February 9th, and at this evening's School Committee Meeting, Weston High School will be mask-optional upon our return from vacation. Please discuss the following with your high schooler(s):

1. Have you decided on your choice to wear a mask or not?
2. Are you willing to respect the choice of people who make a different decision than yours and follow the school/district's expectations for kindness and empathy?
3. If you are struggling with this change, please reach out to a counselor; and if necessary/desired, please request a separate lunch space

Senior Internships: The WHS Senior Internships are back! An additional communication, with details, dates, and instructions for the Senior Internship Program will be sent to seniors and their parents/guardians, later this week. Internships will be from Monday, May 13th through Tuesday, May 31st.

Many seniors secure their own internships, and the school is reaching out to mentors who have worked with us before, however we are always looking for new places that may benefit our seniors. If your place of employment/organization, or if you have friends or family members

who may be interested in having an intern, please reach out to Ms. Flynn and/or Mrs. Dorman (flynnk@weston.org, dormanc@weston.org).

Extra, extra! Read all about it! Looking for the latest news at Weston High School? Make sure to check out the February edition of Wildcat Tracks which comes out Wednesday! Papers will be available in the building tomorrow.

Virtual Appointments: Due to safety concerns and lack of office space, students may not schedule virtual doctor or therapist appointments from school. Thank you so much for your understanding.

Sincerely,

Mr. Peri and Ms. Flynn
