**WESTON HIGH SCHOOL**

**STUDENT AMBASSADOR PROGRAM**

At Weston High School, our Student Ambassadors serve as mentors, guides, and more importantly, they are friendly and familiar faces throughout the building to new students of Weston High School. Ambassadors become a support network throughout the year for new high school students and rising ninth grade students transitioning to the high school. Ambassadors are made up of a select group of sophomores, juniors, and seniors who complete an application and commit to volunteering their time to attend meetings and events. In order to participate in the program, Ambassadors must agree to do the following:

- Attend a one-day summer training in late August (date TBD)
- Attend meetings during Activity Block, especially in the fall and spring
- Check-in with their assigned new students on a weekly basis
- Provide tours for prospective families a few times each year
- Participate in ninth grade orientation before school starts
- Plan events to help new students acclimate to Weston High School

If you enjoy meeting new people and want to make a positive impact on the Weston High School community, we want to invite you to apply to be an Ambassador! To apply to become an Ambassador, please complete the [Student Ambassador Program Application](#) (Google form) and submit it by June 7th, 2023.

Happy Mentoring!
