---

Hello Class of 2023 Wildcat Students and Families-

Congratulations on making it to the week of ‘The Final Countdown!’ A great morning has been planned for you Friday and we are all excited to celebrate this moment together, kicking off the final three weeks of your time with Weston High School. *A reminder, good/legal decisions must be made as we want each of you dancing at the prom, interning, and walking across that stage.*

## **Countdown Event:**

This Friday, May 12th, marks the ceremonial final day for this class and we will be commemorating the moment with a class meeting/countdown. The schedule for Friday:

8:45-9:55 - Arrival at school. Attendance taken. Buses to the Town Green for breakfast.

10:00-10:40 - Return to WHS. Senior Assembly and Countdown in the Gymnasium.

10:40 - Exit the building, head down the path to the parking lot/field area...

Parents/Guardians/Families are invited to ‘clap out’ the seniors around 10:40am. Students will be exiting via the Gymnasium/Auditorium doors.

**Expectations/Consequences/Transparency:** As shared during our class meeting a couple of weeks ago, it is essential that state laws and handbook rules are followed. Poor decisions, such as being under the influence or in possession of illegal substances, will lead to loss of Prom, MIAA sanctions (end of your season), and potential collegiate impact to name a few.

WHS will have an increased police presence on campus and breathalyzers will be on site. We are looking for good decisions to be made by our seniors and are asking for parent/guardian/community support for our students in making decisions that keep them safe and enable us to focus on all of the positive experiences and opportunities that lie ahead for the Class of 2023.

### **What's Coming Up Next?**

The Class of 2023 is then set to embark on their individual and group senior internships, experiences, and projects from May 15-26. We have been thoroughly pleased and impressed with the commitments, ranging from internships to charity work, from leadership opportunities to scientific experiments.

Following the two weeks of Senior Experience, we will come together again for a week of celebration, concluding with an incredible Weston High School Graduation on the Town Green. Several key details include **Date:** June 2nd, **Time:** 5:00 PM, **Location:** The Town Green, **Rain Location:** Weston Middle School Gymnasium. A separate communication will be sent out with more specific details.

Friday countdown. Do it right. Finish your high school experience on a great note.

Truly and Sincerely,

Paul Peri and Jennifer Knight

PS- There is a process in Google where students can download their Google Drive contents and save them (to a computer, flash drive, or other external storage). It's called "Google Takeout".

Senior access to their Google login will remain active until July 31st.

Here are instructions for seniors to download their Google Drive-posted on the [HS.weston.org](https://www.hs.weston.org) site.
