WESTON HIGH SCHOOL

STUDENT AMBASSADOR PROGRAM

The Weston High School Student Ambassadors serve as mentors, guides, and are friendly, familiar faces throughout the building to new students of Weston High School. Ambassadors are a support network for new high school students and rising ninth grade students transitioning to the high school. The Program is made up of a select group of sophomores, juniors, and seniors who complete/submit an application, commit to volunteering their time to attend meetings and events, and are selected to be a member.. In order to participate in the program, Ambassadors must agree to do the following:

- Attend a one-day summer training in late August (date TBD)
- Attend meetings during Activity Block, especially in the fall and spring, when they are held (you can still participate in other Activity Block clubs)
- Check-in with their assigned new students on a weekly basis
- Provide tours for prospective families a few times each year
- Participate in 9th Grade Orientation before school starts
- Plan events to help new students acclimate to Weston High School

If you enjoy meeting new people and want to make a positive impact on the Weston High School community, we invite you to apply to be an Ambassador! To apply, please complete the Student Ambassador Program Application and submit it by June 5th, 2024

Happy Mentoring!
