

2022 WMS Arts Festival

Art: Hundreds of student drawings, sculptures, Photoshopped collages and ceramic pieces will fill the hallways. Our young artists created these works during Quarters One, Two and Three and are excited to see them on display.

Technology: Videos, robots, bridges, houses and constructions galore! Witness the result of great WMS student minds solving big problems.

Music: As always, the WMS Jazz Band will set the mood as they perform a selection of swinging tunes in the Cafeteria while a student string group will delight all who visit the landing.

More: The WMS Arts rotation is comprised of Dance, Drama, Music, Technology and Visual Arts. During the festival, visitors of all ages will be able to experience a wide variety of creative endeavors offered at the Middle School.

Contact Bekki Kowalski (kowalskir@weston.org)
for more information.
We hope to see you there!
