

Youth Villages

Every child should have the opportunity to reach for their dreams. For over 35 years, Youth Villages has worked to radically change the lives of children across the country through an array of program models and services built around preserving and restoring families. They do what works - partner with others to expand their outreach and advocate for positive long-term change in child welfare, juvenile justice, and children's mental health systems.

Please join us in making a difference by helping Youth Villages provide backpacks for thousands of foster youth. Contact Ms. McGrath at the middle school if you have any questions
