

School Psychologist Summative

Date:

STANDARD I: CURRICULUM, PLANNING & ASSESSMENT

School Psychologist Indicator I.A. Curriculum and Planning

Elements	Unsatisfactory	Needs Improvement	Proficient	Exemplary
I-A-1. Professional Knowledge (QP) NASP Domain 1: Data-based decision making and accountability. NASP Domain 3: Interventions and instructional support to develop academic skills NASP Domain 4: Interventions and mental health services to develop social and life skills	Demonstrates limited professional knowledge; relies heavily on outdated practices as opposed to current practices supported by research.	Demonstrates factual knowledge of professional practice and sometimes applies it effectively in providing services for students and educators.	Demonstrates sound knowledge and understanding of professional practice (e.g., as it relates to developing interventions, designing programs and services, interpreting research), and consistently and effectively applies it in providing services for students and educators.	Demonstrates mastery of professional practice(e.g., as it relates to developing interventions, designing programs and services, interpreting research), and consistently and effectively applies it in providing services for students and educators (e.g., in developing academic and behavioral interventions, prevention programs; Models this practice for colleagues and/or provides training in its use.
Enter Notes				
I-A-2. Child and Adolescent Development NASP Domain 3: Interventions and instructional support to develop academic skills NASP Domain 4: Interventions and mental health services to develop social and life skills	Demonstrates little or no knowledge of child and adolescent development; recommends supports or strategies for students that consequently do not adequately address intended outcomes.	Demonstrates general knowledge of child and adolescent development but does not apply this knowledge when recommending supports or strategies for students.	Demonstrates knowledge of students' developmental levels and the different ways that students learn or behave, and applies this knowledge by proposing appropriate supports and strategies for students.	Demonstrates knowledge of students' developmental levels and the different ways that students learn or behave, and applies this knowledge by proposing appropriate supports and strategies for students that prove effective in enabling students to make significant progress toward meeting stated outcomes.
Enter Notes				
I-A-3. Plan Development NASP Domain 1: Data-based decision making and accountability. NASP Domain 2: Consultation and collaboration	Does not actively engage with colleagues in the development of behavioral and/or academic interventions.	Develops or contributes to the development of behavioral and/or academic interventions that fails to strategically account for individual differences.	In collaboration with team members or colleagues, develops or contributes to the timely development of well designed, behavioral and/or academic interventions while accounting for individual differences based on biological, cultural, and social influences.	In collaboration with team members or colleagues, develops or contributes to the timely development of well designed, measurable behavioral and/or academic interventions while accounting for individual differences based on biological, cultural, and social influences; Provides specific, measurable goals with which to evaluate plan effectiveness.
Enter Notes				
I-A-4. Well-Structured Lessons	Develops lessons (which may include individual and group activities or sessions) with inappropriate student engagement strategies, pacing, sequence, activities, materials, resources, and/or grouping.	Develops lessons (which may include individual and group activities or sessions) with only some elements of appropriate student engagement strategies, pacing, sequence, activities, materials, resources, and grouping.	Develops well-structured lessons (which may include individual and group activities or sessions) with challenging, measurable objectives and appropriate student engagement strategies, activities, and resources.	Develops well-structured lessons (which may include individual and group activities or sessions) with challenging, measurable objectives and appropriate student engagement strategies, activities, and resources to attend to individual student needs. Is able to model this element.

School Psychologist Indicator I.B. Assessment

Elements	Unsatisfactory	Needs Improvement	Proficient	Exemplary
I-B-1. Variety of Assessment Methods (QP) NASP Domain 1: Databased decision making and accountability NASP Domain 8: Diversity in Development and Learning	Assesses student learning, behavior, and development using a limited and unvarying set of assessment methods, without consideration of student differences in culture, language, level of functioning, and referral concerns.	Assesses student learning, behavior, and development using a limited repertoire of assessment methods, without full consideration of student differences in culture, language, level of functioning, and referral concerns.	Strategically selects from a variety of assessment methods (i.e., review of records, observation interview/ rating scales, and testing) to assess student learning, behavior, and development to account for student differences in culture, language, level of functioning, and referral concerns.	Strategically selects from a variety of assessment methods (i.e., review of records, observation interview/ rating scales, and testing) to assess student learning, behavior, and development to account for student differences in culture, language, level of functioning, and referral concerns. Informs, encourages, or trains colleagues in the use of assessment measures that are responsive to student differences.

School Psychologist Indicator I.C. Analysis

Elements	Unsatisfactory	Needs Improvement	Proficient	Exemplary
1-C-1. Analysis and Conclusions (QP) NASP Domain 1: Databased decision making and accountability	Reports assessment results without explaining their relevance to educational performance and needs or to recommendations.	Relates assessment findings to educational performance and needs, but recommendations lack specificity or relevance.	Skillfully interprets assessment findings, and relates them to educational performance and needs, and to recommendations.	Skillfully interprets assessment findings, and relates them to educational performance and needs, and to recommendations. Consistently provides valuable insights and child-specific, evidence based recommendations.
Enter Notes				
I-C-2. Sharing Conclusions With Colleagues NASP Domain 3: Consultation and Collaboration NASP Domain 4: Interventions and mental health services to develop social and life skills	Rarely shares relevant student information with colleagues or engages them in effective collaboration that supports improved student learning and/or development.	Only occasionally shares relevant student information with colleagues or engages them in effective collaboration that supports improved student learning and/or development.	Presents key, relevant findings to colleagues clearly, respectfully, and in sufficient detail to promote effective collaboration that supports improved student learning and/or development.	Presents key, relevant findings to colleagues clearly, respectfully, and in sufficient detail to promote effective collaboration that supports improved student learning and/or development. Takes initiative to review and explain findings before and/or after team meetings as needed to ensure optimal communication and coordination among colleagues.
Enter Notes				
I.C.3. Sharing Conclusions With Students and Families NASP Domain 7: FamilySchool Collaboration Services	Provides minimally required findings; offers little or no strategies or supports to promote student learning and development.	Provides required findings and some strategies and supports to promote student learning and development; minimally engages students and families to promote student learning and development.	Presents key, relevant assessment findings to students and families in a clear, concise, non-technical, respectful manner, and engages them in constructive conversation to promote student learning and development.	Presents key, relevant assessment findings to students and parents in a clear, concise, non-technical, respectful manner, and engages them in constructive conversation to promote student learning and development; provides additional opportunities for presenting and discussing findings as needed.
Enter Notes				
I-C-4. Intervention Monitoring and Evaluation NASP Domain 9: Research and Program Evaluation	Does not follow up on assessment recommendations or interventions by checking with colleagues or by collecting data.	Follows up on some assessment recommendations and interventions by checking with colleagues about their effectiveness.	Facilitates or assists with data collection to determine the effectiveness of interventions devised in collaboration with colleagues and/or of recommendations proposed in assessment of students.	Facilitates or assists with data collection to determine the effectiveness of interventions devised in collaboration with colleagues and/or of recommendations proposed in assessment of students. Uses data to revise interventions and/or recommendations as needed.

STANDARD II: TEACHING ALL STUDENTS

School Psychologist Indicator II.A. Instruction

Elements	Unsatisfactory	Needs Improvement	Proficient	Exemplary
II-A-1. Quality of Effort and Work NASP Domain 3: Interventions and instructional support to develop academic skills	Establishes no or low expectations for student work and behavior and/or offers few supports to help students know what is expected of them.	May state high expectations for student work and behavior, but provides few exemplars and rubrics, or limited guided practice, and/or few other supports to help students know what is expected of them.	Uses assessment data to consistently define high and realistic expectations for student work and behavior, and the perseverance and effort required to produce it; often provides exemplars, rubrics, or guided practice, and/or models appropriate behaviors for staff and students.	Uses assessment data to consistently define high and realistic expectations for student work and behavior, and effectively supports students to set realistically high expectations for each other to persevere and produce high-quality work. Is able to model this element.
Enter Notes				
II-A-2. Student Engagement NASP Domain 3: Interventions and instructional support to develop academic skills	Works with other school personnel to develop and implement Interventions or instructional practices that leave most students uninvolved and/or passive.	Works with other school personnel to develop, implement, and evaluate effective Interventions or instructional practices that motivate and engage some students but leave others uninvolved and/or passive.	Consistently works with other school personnel to develop, implement, and evaluate effective Interventions or instructional practices likely to motivate and engage most students during the lesson, activity, or session.	Consistently works with other school personnel to develop, implement, and evaluate effective Interventions or instructional practices that typically motivate and engage most students during the lesson, activity, or session, and during independent work. Is able to model this element.
