

## **RELATIONS WITH COLLEGES AND UNIVERSITIES**

The School Committee desires that staff and students of this school district benefit from resources provided by the colleges and universities of our area. The Superintendent is to keep the Committee informed of all opportunities for shared and cooperative services between the district and institutions of higher learning. Additionally, staff members are encouraged to seek out and utilize the services of college and university faculty members who are willing to serve our schools as instructional resource persons where economically feasible.
