

The following table is meant to help guide committee discussion of prospective policy updates. Green means subcommittee approved changes, yellow means on hold, blue means to discuss.

[HERE ARE THE MASC RED-LINE CHANGES PROPOSED FOR EACH OF THE SECTION A POLICIES](#)

Last updated 11/3/2021

Policy Code and Topic	Summary of changes from MASC to consider at 11/8 meeting
Policy AA School District Legal Status	No change
AB: People and their School District	New policy for Weston, adding since MASC considers it best to add it.. This makes explicit some otherwise implicit expectations
Policy AC Harrassment Non-Discrimination Policy	Holding for further review until MASC and AG have new policy. Maybe separate nondiscrimination and harassment policies?
Policy ACA Nondiscrimination on the Basis of Gender	They use the word "sex" we use "gender." Maybe use both? If only using one, maybe makes more sense to use the word sex as that is the word used in most policies and used by Title IX
Policy ACAB Sexual Harassment	Will be a new policy from Masc separate from nondiscrimination
Policy ACE Nondiscrimination on the Basis of Disability	Detailed updates to definitions, reaffirms commitment to ADA and the rights of people with disabilities. Slightly longer version.
Policy AD Mission/Vision Statement	For committee discussion. This is redundant to the mission and vision laid out in district strategic plans. Should it just live there?
Policy ADA School District Goals and Objectives	For committee discussion. What is the origin of this? Can we drop it from the policy book? Redundant to other documents?
Policy ADC Tobacco Use on School Property	Basically just adding vaporizers and electronic cigarettes
Policy ADDA C.O.R.I Requirements OR Policy ADDA - Background Checks	MASC recommends reworking this away from CORI to be more broad. Also recommend writing the regulations within the policy
ADDA-Regs, ADDA-E-1 ADDA-E-2	Currently regulations are separated, could be merged into one with the policy, or have some of them remain mostly separate
Policy ADF Student Health and Wellness and	State policy dictates certain subcommittee membership/focus. We need to change our wordings to match that, and add a member from SC to the existing health/wellness committee. MASC Recommended a comprehensive rewrite of the policy.
Student Health & Wellness Regulations	No major changes needed, still seems accurate and up to date
Policy AE Commitment to Accomplishment	Minor re-write, adds line about Specific performance objectives to enable individuals to direct their own efforts to district goals
Policy AEC Accomplishment Reporting to the Public	MASC says strike the whole thing. Keep any pieces? Where?
