

ADVISORY COMMITTEES TO THE SCHOOL COMMITTEE

The following general policies will govern the appointment and functioning of advisory committees to the School Committee other than the student advisory committee, which is governed by the terms of the Massachusetts General Laws.

1. Advisory committees may be created by the School Committee to serve as task forces for special purposes or to provide continuing consultation in a particular area of activity.
2. If an advisory committee is required by state or federal law, its composition and appointment will meet all the guidelines established for that particular type of committee.
3. The composition of task forces and any other advisory committees will be broadly representative and take into consideration the specific tasks assigned to the committee. Members of the professional staff may be appointed to the committee as members or consultants, as found desirable.
4. Appointments to such committees will be made by the Committee; appointment of staff members to such committees will be made by the School Committee upon recommendation of the Superintendent.
5. Tenure of committee members will be one year only unless the member is reappointed.
6. Each committee will be clearly instructed as to:
 - a. The length of time each member is being asked to serve.
 - b. The assignment the School Committee wishes the committee to fulfill and the extent and limitations of its responsibilities.
 - c. The resources the School Committee will provide. Expenditure of Town funds by any advisory committee shall be made only upon prior approval of the School Committee.
 - d. The approximate dates on which the School Committee wishes to receive major reports.
 - e. School Committee policies governing citizens, committees and the relationship of these committees to the School Committee as a whole, individual School Committee members, the Superintendent, and other members of the professional staff.
 - f. The relationship it has to the School Committee, to individual School Committee members, to the School Committee member assigned to provide liaison, to the superintendent, and the remainder of the professional staff.
 - g. At the request of any committee, the Superintendent shall appoint a member of the professional staff to assist it in carrying out the work assigned to it by the School Committee. Such committee assistants shall be responsible to the Superintendent and shall neither have a vote on the advisory committee nor constitute part of a quorum. Arrangements for the use of supplies, equipment, and personnel from within the school system shall be made through the Office of the Superintendent.
7. Recommendations of committees will be based upon research and fact.

8. The School Committee possesses certain legal powers and prerogatives that cannot be delegated or surrendered to others. Therefore, all recommendations of an advisory committee must be submitted to the School Committee.
9. Advisory committees created under this policy are subject to the provisions of the Open Meeting Law.

The Committee will have the sole power to dissolve any of its advisory committees and will reserve the right to exercise this power at any time during the life of any committee.
