

## **POLICY ADOPTION**

Adoption of new policies or changing existing policies is solely the responsibility of the School Committee. Policies will be adopted and/or amended only by the affirmative vote of a majority of the members of the School Committee when such action has been scheduled on the agenda of a regular or special meeting.

To permit time for study of all policies or amendments to policies and to provide an opportunity for interested parties to react, proposed policies or amendments will be presented as an agenda item to the Committee in the following sequence:

1. Information item - posted on the district website as part of the first consideration of proposed policy or policies. This may also include a response from Superintendent and reports from any advisory Committee assigned responsibility in the area; and review of any public comment; as well as committee discussion about any redrafting.
2. Action item - further discussion adoption or rejection.

Amendments to the policy at the action stage will not require repetition of the sequence, unless the Committee so directs.

The School Committee may dispense with the above sequence as it may deem appropriate.

Policies will be effective upon the date set by the School Committee. This date should ensure that affected persons have an opportunity to become familiar with the requirements of the new policy prior to its implementation.
