

POLICY IMPLEMENTATION

The policies developed by the Committee and the procedures developed to implement policy are designed to increase the effectiveness and efficiency of the school district.

The Superintendent has responsibility for carrying out, through procedures, the policies established by the School Committee. It is expected that all school district employees and students will carry out policies and procedures.

Administrators and supervisors are responsible for informing staff members in their schools, departments, or divisions of existing policies and procedures and for seeing that they are implemented in the spirit intended.
