

**EMPLOYEE APPROPRIATE USE POLICY OF INFORMATION TECHNOLOGY
RESOURCES**

The Superintendent, in conjunction with the Director of Technology and School Libraries shall develop appropriate regulations to govern the responsible use of information technology resources by WPS employees. Where technology is constantly evolving, these regulations shall be regularly reviewed by the Director of Technology, in consultation with the Superintendent, and revised as appropriate.

The Appropriate Use Policy and the accompanying regulations are intended to prevent illegal and/or improper use or abuse of the schools' IT resources.
