GUIDANCE DEPARTMENT

Dear Parent(s),

Please inform me if you need any of the information presented here translated to your native language. I am pleased to begin the process of registering your son/daughter at Weston High School. I understand that changing schools can be difficult. However, please know that we have an excellent transition process which includes the opportunity for your son/daughter to get to know students as well as access information about the school and all that we have to offer.

Our registration process includes the completion of required forms and obtaining records from your previous school. The folder obtained from Guidance contains the information you will need to complete the registration process. Please see the Registration Checklist to help you track the dates of completion of the necessary items. I've also included a copy of our bell schedule as well as our School Profile for your information.

We've included the Program of Studies which contains much information about our school and course selections. One of the primary modes of communication between the school and parents is WestonGrapevine. Subscribers select topics that interest them and choose to receive messages to emails and/or cell phones as they are published, or in daily or weekly summaries. Parents are encouraged to sign up at www.westongrapevine.org, news and information for the town and schools.

Always feel free to contact me or the Guidance Administrative Assistant if you have any questions.

Sincerely,

Marla Schay
Guidance Department Head
