Dear Wildcat Community-

Welcome to our second Monday of the 2021-22 school year! Hard to believe, but we have not yet made our way through a full 8 day cycle. While it may seem like we've been here 'forever', the year is very young! Our memo this week continues to add and update on beginning of the year information.

Principal's Coffee- You are cordially invited to our first coffee/tea/caffeine of choice meeting of the school year. Ms. Flynn and I will share much of the WHS happenings and then we look forward to open Q and A for parents and guardians. As an administration, we have found these meetings to be remarkably helpful as it assists us in being the best principals we can be and hearing directly from each of you about your experiences with our school. The link and the form to submit questions can be found [here](#).

Masking/Safety- We are asking for your help in reinforcing our message about washing hands frequently and wearing a mask above the nose. Our goal is to get to a place where the numbers are low enough to allow students to come to school without masks. However, we need a community effort for this to happen!

Email/Communication- Please encourage students to open up their Weston High School email accounts. We overheard a couple of students the other day at lunch, stating that they had never opened up their Weston account. The school frequently

communicates via email with the student body (this communication included) and would love to make sure it's getting to all members of the WHS community.

Additional Food Questions- Following last week's communication, we received an excellent email asking for additional information. Thank you for reaching out, and here is what we learned:

-Breakfast is available from 8:30 to 9:30.

-Afternoon snacks/A la carte are snacks such as granola bars, chips, cookies, pretzels, etc. We also have sandwiches with a chip, which varies daily. These are not free after school though and students may pay with cash or via their online account.

Yom Kippur- School is closed on Thursday, September 16th for the observance of Yom Kippur.

Please reach out with any comments, questions, concerns, or celebrations!

Sincerely,

Paul Peri and Kelly Flynn
