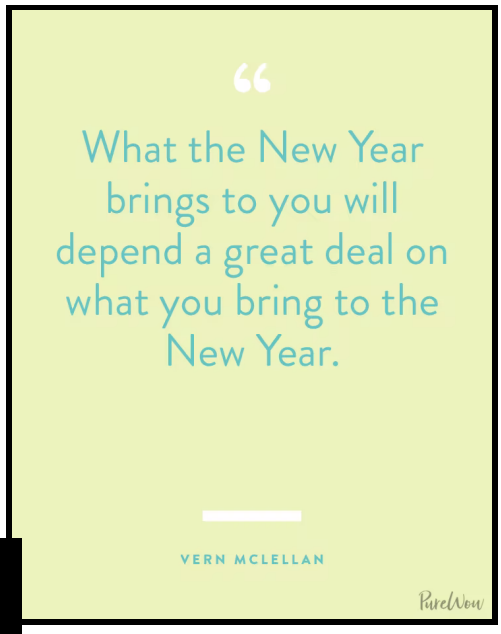
Dear Wildcat Students and Families,



Welcome back and happy new year! As we return to school for the start of 2022, we are finding ourselves in a place where we are needing to return to many of our previous Covid practices and expectations. Our goal, as always, is to keep everyone safe, to keep the school open, and to do so with as many extracurricular activities running as possible!

A few general reminders:

-Wearing of appropriate masks each and every day

-The KN95 mask is recommended with double-masking as an other alternative

-We ask that you bring your own mask each day, however WHS does have KN95 masks available in the main office/nurse's office

-Masks are to be worn appropriately…over the mouth AND the nose (see the doggie below)

-One student in the restroom at a time

-Effective distancing in the cafeteria is required. The number of students at a table should not exceed the number of chairs already in place.

It is important that we recognize and celebrate the improvements seen on so many, by so many, today in the building. Well-done across the board. We still have work to do, but your efforts are greatly appreciated! We close with a simple image that helps guide our expectations. (Couldn't find a wildcat wearing a mask…correctly or incorrectly)

Sincerely,
Mr. Peri and Ms. Flynn
