

Weston High School Communication Guide

What if my child has a concern about a class or activity?

1. Encourage your child to talk to his/her teacher, coach, or activity director.
2. Then, if you still have a concern, you may contact the teacher, coach, or activity director directly.
3. If the issue is not resolved after your conversations, you may contact the department head, director, supervisor, or assistant principal. The principal should be contacted only after these other steps have been taken.

What if my child is having trouble socially or emotionally?

Encourage your child to talk to his/her counselor, the youth counselor or call to discuss.

What if my child has a family-related issue or medical concern?

Contact your child's counselor or the school nurse.
