Hello Wildcat Seniors and Families-

It is with great pleasure that we share with you the information and dates for your upcoming Senior Week. The intent of this communication is to share an overview of the upcoming schedule. Times have been chosen for several reasons, including but not limited to work schedules, school educator needs, parking, a rise in Covid numbers, and even for hair and make-up appointments. Please note that for each event additional information will be shared in individual event communications which are coming soon.

*Please note that this is a change in a previous communication and a change in a past practice. With rising Covid numbers and after two years of Covid-impacted education for the Class of 2022, the district is prioritizing the traditional graduation ceremony outside after hearing from many parents. As with any outside event, a contingency plan must be made in the case of bad weather, that accommodates the most people in the most positive way. Obviously, some families will be inconvenienced in multiple ways, and we are very sorry for any family for whom that occurs. Graduation is a very complex ceremony with many moving parts, involving many volunteers and months of planning. Due to the recent increase in Covid cases, and strong responses by families who prefer outside to inside, we believe that a rain date on the Town Green is truly the best choice for our community, enabling the greatest numbers of family and friends to attend.

As stated above, a follow up communication will be sent out for each individual event in the next day or two. Meeting, planning, and discussion is occurring daily as a small army of incredible student leaders, parent and faculty advisors, local community leaders and school administration work to bring you an absolutely incredible close to your time with Weston Public Schools.

Stay tuned for much much more!
