Providing dignity one bar of soap at a time

Help Hope and Comfort and Weston PTO improve health and self-esteem by donating new, unexpired personal care products.

Most needed items are full-size:

- **Children's Toothpaste**
- **Unisex Deodorant**
- **Body Wash**

These basic items can make a huge impact on the lives of children in need. Items donated will be distributed to food pantries, children's organizations, and human services organizations located in Greater Boston and MetroWest.
