RE: 2016-2017 Enrollment Report and Projections

The school year 2016-2017 enrollment report is divided into three sections. The first section provides the October 1 enrollment data in terms of historical information as well as actual versus projections. The second section provides class size data for the middle and high schools. The third section provides historical Weston birth data and census data on which enrollment projections for future years are based.

Section I: Enrollment and October 1 Data

Table A: K-12 Enrollment Report

Overall, we are 35 students above our projection and 28 students below the October 1, 2015 count. The significant variances in the projection figures are apparent in Grades 2, 4, and 6.

Table B: K-12 Enrollment Report Distribution by Residency

Table C: Trend in Enrollment Distribution by Residency

The majority of the students attending Weston schools are residents, 90.1%. In addition, there are 169 METCO students (8.0%) and 39 children of faculty and staff (1.8%). Over the last 12 years, Weston's enrollment has decreased by 188 students.

Table D: October 1 Fluctuations from Projected Enrollments

Accurate enrollment projections are challenging. The projection method used by Weston is a commonly used method of calculating the ratio of births to Kindergarten enrollments and grade-to-grade ratios over a period of time. The birth data source is the Massachusetts Department of Public Health. Table D summarizes the October 1 fluctuations to the projected enrollments. As previous tables have shown, the current year enrollment was more than projected by 35 students. The significant variances in the projection figures are apparent in Grades 2, 4 and 6. Actual Grade 2 enrollment was over our projections by 10 students, Grade 4 enrollment was over our projections by 11 students, and Grade 6 enrollment was over our projections by 9 students.

Table E: Percentage of Weston Resident Children in Private School

On an annual basis, this district must report to the Massachusetts Department of Elementary and Secondary Education (DESE) the school placement of Weston resident children. The report is

based on data as of January 1st of each year and is due to the DESE at the end of February. Working in conjunction with the Town Clerk, the Business Office matches the information in WPS's student information system with the returned census materials. The table outlines the data reported to the DESE for the past eleven years.

This table does not include METCO, exchange or tuition students; it reflects the placement of Weston resident children based only on available information.

Section II: Middle and High School Class Size Review

Table F-1: Course Sections Above 25 and Under 12 Students

Based on a review of the Middle and High Schools course schedule as of September 28, 2016, Table F details courses with enrollments in excess of 25 students and courses with enrollments less than 12 students.

At the High School, there are zero (0) core courses but fifteen (15) electives with enrollment in excess of 25 students. Similar to past years' data, many of the music sections, such as concert band and chorus, are by the nature of the discipline, larger than the twenty-five student guideline cap. The High School has twelve (12) core courses and eighteen (18) electives with an enrollment under 12 students.

At the Middle School, there are zero (0) core courses and fourteen (14) electives with enrollment in excess of 25 students. The Middle School has no (0) core courses and fifteen (15) electives with an enrollment of 12 students or less as indicated in Table F.

A column reflects the time of year the course is running:

All: Year round course

S1 or S2: Semester 1 or Semester 2

Q1, Q2, Q3, or Q4: Quarter 1, Quarter 2, Quarter 3, or Quarter 4

Due to the nature of smaller classes in special education and topic courses, these courses were not included in the analysis.

Table F-2: Course Sections Above 25 and Under 15 Students

During the course of the review, I noticed a number of classes just above the 12 student minimum number. Below is a table summarizing the data in Table F-2:

High School:

Department/Type	Under 15 Students	Under 12 Students
Advanced Placement Courses	7 Courses	2 Courses
English	8 Courses	1 Course
Social Studies	3 Courses	0 Courses
Mathematics	8 Courses	3 Courses
Science	7 Courses	4 Courses
World Language	10 Courses	2 Courses
Performing/Visual Arts	12 Courses	2 Courses
Health / Physical Education	6 Courses	2 Courses

Middle School:

Department/Type	Under 15 Students	Under 12 Students
English	1 Course	0 Courses
Social Studies	1 Course	0 Courses
Mathematics	2 Courses	0 Courses
Science	1 Course	0 Courses
World Language	6 Courses	0 Courses
Performing/Visual Arts	4 Courses	2 Courses
Health/Physical Education	11 Courses	1 Courses

Courses approved to run with less than 12 students are listed in red text.

Table G: Middle School Section Size Distribution

Table H: High School Section Size Distribution

Tables G and H analyze the class size of the core subject areas in the High and Middle Schools.

Table G analyzes the section size distribution for the Middle School. The Middle School courses range from 12 to 25 students per section

Table H analyzes the section size distribution for the High School. English, Social Studies, Math and Science have similar ranges in both the number of sections and size of sections. These range from 6 to 25 students per section

The mean and median calculations are shown on both Table G and H. Table I provides a historical view of these calculations.

Table I: Section Size Statistics for Certain Departments (Middle and High School)

Table I provides the statistical data referred to in Tables G and H. The table provides historical class size ranges and mean and median calculations for the Middle and High Schools from school year 2007-2008 through the present. As the table indicates, the historical data has been consistent. Median values range from 17 to 21 over the past two years. The mean values range from 16.8 to 20.9 over the same time period.

Section III: Enrollment Projections

Table J: Census and Birth Data

Table J examines the various attributes contributing to the enrollment projection. The first chart is titled Census of Residents Age 0 – 5 as of January 1. This information is provided by the Town Clerk’s Office on an annual basis. Based on the census figures, the overall population of pre-Kindergarten aged children in Weston has generally declined over the past thirteen years (slight increase in 2008 and 2010).

The second table provides historical data on the total number of births by Weston residents from 1989 to the present as reported by the Massachusetts Department of Public Health (DPH).

Table K: K-12 Enrollment History and Projections as of October 1, 2016

Table K details the enrollment projection methodology. This spreadsheet calculates the ratio of Weston birth data to actual kindergarten enrollments from school year 1997-1998 through the present. The birth data is published annually by the Massachusetts Department of Public Health (DPH). Three ratios are then developed: 10-year, 5-year and 3-year for all grades based on average grade retention. Below is a summary of the ratios:

Grade	10-Year Average Enrollment Ratio	5-Year Average Enrollment Ratio	3-Year Average Enrollment Ratio
K	1.62	1.82	1.90
1	1.07	1.06	1.02
2	1.05	1.05	1.05
3	1.02	1.01	0.99
4	1.02	1.03	1.04
5	1.01	1.02	1.01
6	1.00	1.00	0.99
7	1.00	0.98	0.98
8	1.02	1.02	1.02
9	0.98	0.98	0.97
10	0.98	0.97	0.98
11	0.99	0.98	0.97
12	1.00	1.01	1.01

The Kindergarten enrollment figures have fluctuated between 127 and 154 for the past 10 years, with the past two years at a steady 127 students. A 3-year ratio would result in an anticipated enrollment of 114 students. Based on the data for the past 10 years, the enrollment report anticipates 127 Kindergarten students as the consistent number through SY'27-28. Based on the quality of education provided by the Weston Public Schools, families are apt to move into town when their children reach school age. The 2017-2018 enrollment projections are based on the 3-year ratio.

Summary

In summary, the school year 2016-2017 enrollments reflect an overall decrease in the number of students attending Weston Public Schools of 28 students.

The school year 2017-2018 enrollment projection is 2,054 students in Kindergarten through Grade 12. This represents a decrease of 57 students from the October 1, 2016 count. I look forward to discussing this with you and providing additional information as needed. Thank you.

RECOMMENDED ACTION: That the Weston School Committee receive the 2016-2017 Enrollment Report and vote to adopt Table K: K-12 Enrollment History and Projection for the Fiscal Year 2018 budgeting purposes.
