

## **RELATIONS WITH COMMUNITY ORGANIZATIONS**

The School Committee believes that the public schools have the primary responsibility for the formal education of the children and youth of the Town. However, the Committee recognizes that many governmental agencies and community organizations, while not primarily concerned with education, also play a definite role in education.

Therefore, it shall be the desire of the Committee to establish positive working relationships with all other public and private organizations which contribute to the educational process and to the general welfare of the citizens of the community.
