

Appendix C: End-of-Cycle Summative Evaluation Report: Superintendent

The performance of every educator is rated against the four performance Standards defined in the educator evaluation regulations. All educators earn one of four ratings: *Proficient*, *Exemplary*, *Needs Improvement* or *Unsatisfactory*. Most effective educators will be rated Proficient on a Standard rather than Exemplary because Exemplary is reserved for educators – superintendents included – whose practice in a particular area is so strong that it can be a model for others. Each rating has a specific meaning:

- *Proficient* performance is understood to be fully satisfactory. For the superintendent, and all other administrators as well as teachers, this is the rigorous expected level of performance. It is a demanding, but attainable level of performance.
- *Exemplary* performance represents a level of performance that exceeds the already high standard of Proficient. A rating of Exemplary is reserved for performance on an Indicator or Standard that is of such a high level that it could serve as a model for leaders regionally or statewide. Few educators—superintendents included—are expected to earn Exemplary ratings on more than a handful of Indicators.
- A rating of *Needs Improvement* represents performance that is below the requirements of a Standard but is not considered to be Unsatisfactory at the time. Improvement is necessary and expected. For new educators, performance is often on track to achieve proficiency within three years.
- *Unsatisfactory* performance is merited when performance has not significantly improved following a rating of Needs Improvement, or performance is consistently below the requirements of a Standard and is considered inadequate, or both.
