Country School is committed to ensuring that all students develop their unique potential to become responsible, educated citizens. Our goal is to prepare and motivate our students for a rapidly changing world by instilling in them critical thinking skills, a global perspective, and a respect for core values of Compassion, Adventure, Respect, Effort, and Safety, by always striving to take care of ourselves, each other and our community. We want **all** students to be successful today and be prepared for tomorrow. The faculty, staff, parents, and community are dedicated to the academic, personal, social, and emotional growth of students. Our highly qualified staff recognizes the value of professional development to rigorously challenge students. Our teaching practices are both reflective and responsive to the needs of our students. Our school community works hard to promote confident, curious, resourceful learners who demonstrate intellectual engagement, critical and creative thinking, respect for individual differences, and a strong sense of personal and social responsibility.

**Facts about Country School:**

- Continue to use All School Meeting to focus on the Country CARES Core values. Each month focused on a different value and ways we demonstrate these values throughout our day at Country School. This year meetings will be student led.
- Continued our work with the Data Meeting Cycle. These meetings happened 3 times and focused on ways to support students of all levels by monitoring student progress and creating action plans for students carried out through our Response to Intervention (RtI) model. This was critically important in a year with a high risk for learning loss. Maintaining the Data Meeting Cycle ensured we maintained student support, so all students continued to make progress toward grade-level benchmarks.
- Teachers continue to participate in Culturally Responsive Teaching profession development sessions and are implementing strategies into their everyday instruction.
- The Responsive School Team Continued the support of Tier 1 responsive school practices and provided opportunities for community building. This team also supports overall morale and well-being of students, faculty and staff.
