

# Field School Improvement Plan

## 2022-2023

*This document outlines the 2022-23 specific action steps and measurable outcomes under each of the strategic objectives in the Weston District Strategic Plan to ensure academic rigor and excellence for all students specific to Field School. We maintain our commitment to providing Culturally Responsive Education so that all students can achieve at high levels and feel a strong sense of significance and belonging. Our work in building a Multi-Tiered System of Support over the last few years has positioned us to focus on the implementation of high quality tier 1 instruction across all content areas with fidelity. This in turn allows us to be accurate and responsive to student needs as they arise, which leads to student outcome increases in proficiency and the reduction of learning gaps. As the year goes on, updates for each action step will be entered periodically into the status column.*

<b>Strategic Objective 1.1: Expand and refine repertoires of instructional practices to promote individualized learning, student agency, real world connections, project-based learning, service learning, outdoor learning, physical activity, arts integration, and technology integration.</b>
